Criterion	Score
Problem Clarification [12 marks] - Project aim clearly defined. - Project objectives determined and clearly stated. - Project deliverables properly listed. - Ethical, legal, and other issues identified and considered.	
Background Research [15 marks] - A comprehensive and balanced survey of relevant literature is provided. - Relevant theories/methods/procedures/tools/ frameworks and/or technologies were explored and evaluated. - Educated decisions were made to select solution methods/technologies/procedures.	
Design/Framework [15 marks] **ES and SP projects:** - System requirements elaborated and clearly stated. For SP projects the requirements must be more detailed and precise. - An overall design of the software was developed and properly described. **EI projects:** - Relevant datasets/variables identified and explained. - A valid design of the required experiments was developed. **TS projects:** - Research hypotheses were elaborated and clearly discussed. - A theoretical framework/research methodology was developed and clearly described.	
Implementation [30 marks] - Working software/valid results that meet the primary aim of the project were achieved. - The software/results are of good quality and can be adopted. - The software/results meet all the objectives and requirements of the project.	
Validation and Evaluation [10 marks] - A proper testing/validation and/or evaluation plan (methodology) was devised and clearly documented. - The software/results were properly tested/validated and/or evaluated.	
Conclusions and Future Work [6 marks] - Results and conclusions were correctly and clearly stated. - Discussion of future work is thorough and clear.	
Report Quality [12 marks] - The report is properly structured. - The student's own work/contributions can be easily distinguished. - Referencing is valid and the numbering of figures and tables is correct and consistent. - The language is sound, and the sentences are clear and easy to understand. - The report is free of grammatical and typographical errors.	
OVERALL GRADE: 100
